

## LIVE DEMONSTRATIONS AND PRODUCT PREMIERE: ROBATECH AT INTERZUM 2025

*Robatech will be showcasing the latest adhesive application technologies for pocket spring gluing and mattress production at interzum in Cologne from May 20 to 23, 2025. Visitors can experience glue-saving spray and bead application live and discover the brand new Alpha melter.*

As the market leader for adhesive application systems in the mattress industry, Robatech is presenting itself at interzum under the motto "Trust the best". Various advantages make the company unique:

- The reliability of the gluing systems
- The possibilities for increasing productivity through high-quality adhesive application
- The partnership-based cooperation with customers and the fast service in over 80 countries.

**Brand new and live.** For the first time in Germany at interzum, Robatech will be unveiling the brand new Alpha melter. As a new generation melter, Alpha offers smart operation and numerous interfaces for simplified system integration. The compact melter impresses with a melting capacity of up to 12.5 kg/h despite the relatively small tank and is robust in design. Live at the booth, visitors can experience multiple bead application for efficient frame and mattress gluing with the Duero application head. The adhesive-saving spray application with Aero can also be seen live. Both application heads reduce operation costs optimizing the adhesive application quantity.
